TO ALL MEMBERS

IG - China SPRO Insurance – People's Insurance Company of China (PICC)

Further to previous updates concerning the new Chinese pollution regulations (in particular questions 33 and 35 in the FAQs circulated on 23 December 2011), we are now informed that there is insurance available in the market to enable SPROs to comply with their obligations under the IG model SPRO contract. We understand that the relevant information is being made available to SPROs. As a result, Members should be able to insist on insurance when concluding contracts in future.

For further information and guidance, Members should contact the Managers.
