

## Committee news

The Committee meeting in October took place in Athens, where the Hotel Grande Bretagne provided a historic setting for the Association's first Committee meeting in Greece.

The meeting was very well-attended and there was a lively discussion about the current industry trends and the effect on the Club and its Members. Further details of the call decisions and other issues raised can be found in the Chairman's Letter at the front of the magazine.

During the meeting, two new members were elected Directors of the Association and joined the Committee – Mr B Chiu, from Singapore and Mr S M Kim, from Seoul.

Following the Committee meeting on Tuesday 13 October the Britannia Chairman, Nigel Palmer, hosted a cocktail reception for the Committee and about 50 representatives from the local shipping community. The reception took place in the heart of the Hotel Grande Bretagne, which is no stranger to hosting all manner of events, from political meetings and discussions to red-carpet occasions for celebrities from all over the world.

The Committee meeting in January will take place in London, followed by a Bermuda meeting in May, and then in October the venue will be Shanghai.
